CITY THEATRICAL
NEW YORK · LONDON

The new show *Best Time Ever,* hosted by Neil Patrick Harris, is an NBC prime time variety show. The new show has featured an array of different acts including comedy sketches, mini game shows, musical performances, A-list Hollywood guest stars, and celebrity pranks all designed in a loud and colorful over the top style.

City Theatrical's QolorFlex™ LED tape filled the entire set and helped make the show come to life. More and more network productions use QolorFlex LED tape to achieve their beautiful designs. Congratulations to these designers and staff:
