

PROFESSIONAL EXPERIENCE

After more than 20 years of pioneering wireless DMX and RDM innovation for entertainment and architectural lighting, City Theatrical's revolutionary **Multiverse® wireless DMX/RDM** system can broadcast as many as 10 universes of DMX data from a single transmitter, while producing less radio energy than present-day single universe systems. Multiverse's patent-pending wireless DMX/RDM technology has been enabling scalability of wireless lighting data like never before for entertainment projects all around the world, including the following theatrical, television, live events and architectural projects.

BROADWAY & BEYOND Click on an icon below to learn more about the wireless DMX solution for the project.
