# **Custom Projects:** Solving Designer Challenges

Every month, City Theatrical does dozens of <u>custom projects</u> for customers all over the world. These projects include entertainment lighting, architectural lighting, and OEM development projects for other companies. Custom projects give us a chance to use all of our experience, knowledge, and capabilities.

#### Our in-house capabilities include:

- Sheet metal fabrication, including:
  - High volume stamping
  - Fiber Laser
  - CNC punching
  - Bending
  - Welding
- Metal spinning
- Powder coating
- Electromechanical assembly and testing
- 3D mechanical design
- LED Tape cutting and soldering
- Custom low voltage ETL-listed dimmer boxes for indoor and outdoor <u>LED tape</u> projects

Custom cut QolorPIX® Pixel Controlled LED Tape

### Did You Know?

Our 40,000 square foot manufacturing facility in Carlstadt, New Jersey is filled with computerized production machinery and skilled product developers, fabricators, and assemblers. We presently produce a wide range of custom parts for use in the entertainment and architectural industries.

## Let us help solve your design challenges.

We offer fast turnaround production of custom parts and our City Theatrical guarantee of high quality with every order.

Tell us more about your project and we will be happy to help come up with a custom solution to satisfy your project needs.
