

City Theatrical's Custom Work September 2018

Although City Theatrical manufactures a large catalog of unique lighting accessories, we also like to do custom work, and can do it incredibly quickly. If you need a custom design or fabrication of metal lighting products, electronic design, LED power supplies, custom wireless DMX installations, or nearly any other challenge that you can come up with, call us and we will help you through it. We've done custom work for major TV networks, theme parks, museums, architectural projects, and just about any other type of lighting project you can imagine.

Custom Enclosures

Project Type: Theme Park

Challenge: Client needed a custom enclosure that would mount power supplies in a major theme park.

Solution: We designed a stainless steel enclosure to the customer's specifications and mounted the two power supplies within the structure.

Material: Stainless Steel

Custom LED PAR Accessory Holder

Project Type: Entertainment

Fixture Type: K9 LED Par

Challenge: The fixture did not have a way of holding accessories.

Solution: We fabricated custom accessory holder to allow a variety of accessories to be used.

Material: Steel

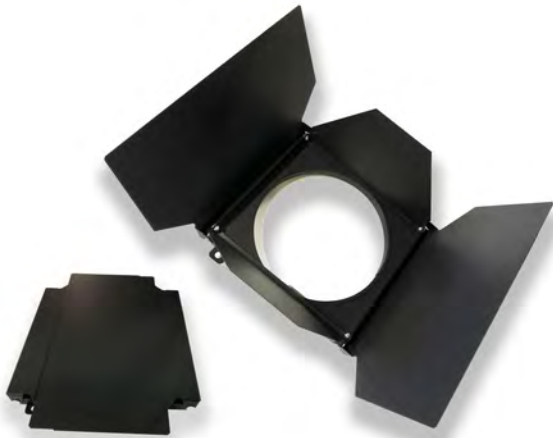

Custom Enclosures

Project Type: Theme Park

Challenge: Client needed custom enclosure that could hold two PDS750s with dinrail connections.

Solution: We designed and built custom enclosures following the instructions given from the client for the international theme park.

Material: Stainless Steel

Custom Barn Doors

Project Type: Architectural

Challenge: Client needed custom Barn Doors for a fixture being installed for a new facility.

Solution: We designed and fabricated custom Barn Doors for the client.

Material: Steel

Custom LED Accessory

Project Type: Architectural

Fixture Type: PAR 38

Challenge: Client needed a custom LED Accessory to fit an LED fixture.

Solution: We made custom clip on LED Accessory that would fit the fixture for the installation.

Material: Steel and Aluminum

Custom Eggcrate Louvers

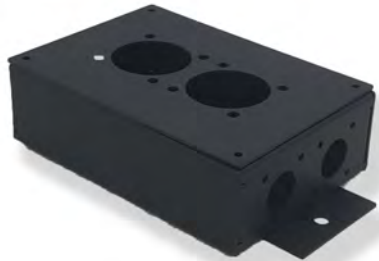

Project Type: Tour

Fixture Type: MAC TW1

Challenge: Client needed a standard MAC TW1 Louver painted white to match the scenery for a Broadway tour.

Solution: We took our standard product and painted it in the color requested by the client.

Material: Steel and Aluminum

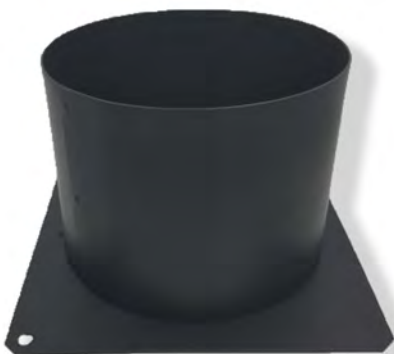

Custom Plink Enclosures

Project Type: Architectural

Challenge: Client needed custom Enclosures to hold electrical components.

Solution: We designed, prototyped, and fabricated 36 custom enclosures to the client's specifications.

Material: Steel

Custom Top Hats

Project Type: Broadway

Fixture Type: Elation Sixpar 200

Challenge: Client needed custom Top Hat for a Elation Sixpar 200 for a Broadway production.

Solution: We built custom Top Hats matching the specifications given from the client in regards to the fixture.

Material: Steel

Custom Blade Louvers

Project Type: Architectural

Fixture Type: Lumenfacade™

Challenge: Client needed custom Blade Louvers to control output of an Architectural LED fixture.

Solution: We built custom Louvers to control the angle of light.

Material: Aluminum

Custom Beam Benders

Project Type: Architectural

Challenge: Client needed a custom Beam Bender for an Altman Phoenix fixture.

Solution: We built the custom Beam Bender to meet the unique requirements of this fixture.

Material: Steel and Glass Mirror
