

City Theatrical's Custom Work October 2018

Although City Theatrical manufactures a large catalog of unique lighting accessories, we also like to do custom work, and can do it incredibly quickly. If you need a custom design or fabrication of metal lighting products, electronic design, LED power supplies, custom wireless DMX installations, or nearly any other challenge that you can come up with, call us and we will help you through it. We've done custom work for major TV networks, theme parks, museums, architectural projects, and just about any other type of lighting project you can imagine.

Custom LED Tape Lighting Fixtures

Project Type: Architectural

Fixture Type: N/A

Challenge: An iconic performance venue required custom LED fixtures.

Solution: We created custom lighting fixtures using two pieces of QolorFLEX LED tape, mounted side by side within an extrusion, to light up the desired areas.

Material: QolorFLEX LED Tape and Accessories, including Extrusions and Ribbon Cables

Custom Accessory Holders

Project Type: Entertainment

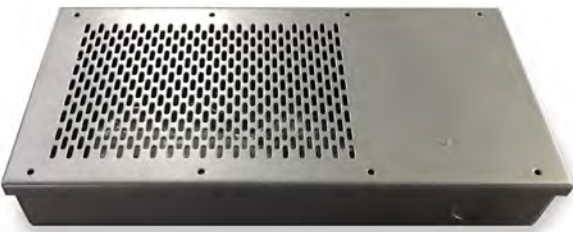

Fixture Type: Ultra LED Panel 36

Challenge: Client needed to add an accessory to an Ultra LED Panel 36.

Solution: We created custom Accessory Holders to meet the specifications of the intended lighting fixtures.

Material: Aluminum

Custom Power Supply Enclosures

Project Type: Architectural

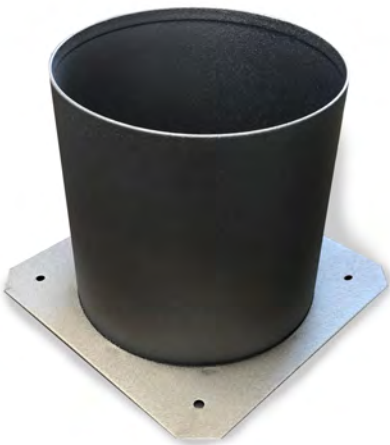

Fixture Type: Power Supply Enclosures

Challenge: Client required rugged NEMA 1 enclosures that could provide a mounting solution for power supplies.

Solution: We created custom NEMA 1 Power Supply Enclosures.

Material: Steel

Custom Top Hats

Project Type: Entertainment

Fixture Type: LED

Challenge: Client required silver painted Top Hats.

Solution: We created custom bead-blasted silver Top Hats to suit the specifications provided by the client.

Material: Steel

Custom Half Top Hats

Project Type: Entertainment

Fixture Type: Gantom 7

Challenge: Client required custom sized Half Top Hats for an upcoming Broadway show.

Solution: We created custom Half Top Hats to fit the Gantom 7 lighting fixtures that will be used in the production.

Material: Steel

Custom Color Frames

Project Type: Entertainment

Fixture Type: Martin RUSH PAR 2

Challenge: Client required Color Frames to fit RUSH PAR 2 lighting fixtures by Martin.

Solution: We created custom sized Color Frames to fit the specifications of the desired lighting fixture.

Material: Steel

Custom Top Hats

Project Type: Entertainment

Fixture Type: LED

Challenge: Client required Top Hats with larger safety cable holes than those that come standard on our Standard Top Hats.

Solution: We created custom Top Hats that included holes large enough to fit the safety cables specified by the client.

Material: Steel

Custom Concentric Rings

Project Type: Entertainment

Fixture Type: GLP impression X4 L

Challenge: Client required Concentric Rings to reduce stray beams and spill from GLP impression X4 L lighting fixtures.

Solution: We created custom Concentric Rings to fix the specifications of the intended fixture.

Material: Steel
