

## City Theatrical's Custom Work February 2020

Although City Theatrical manufactures a large catalog of unique lighting accessories, we also like to do custom work, and can do it incredibly quickly. If you need a custom design or fabrication of metal lighting products, electronic design, LED power supplies, custom wireless DMX installations, or nearly any other challenge that you can come up with, call us and we will help you through it. We've done custom work for major TV networks, theme parks, museums, architectural projects, and just about any other type of lighting project you can imagine.

---

### Custom Twotone Barndoors

**Project Type:** Theatrical

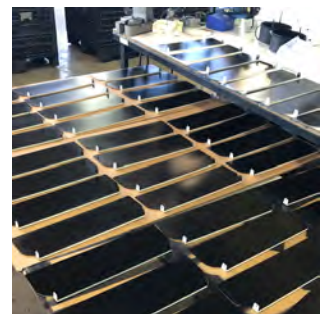

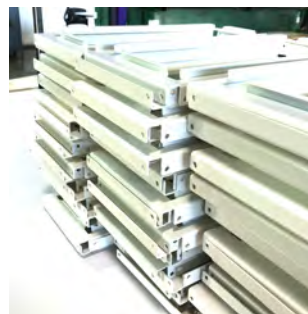

**Fixture Type:** Chroma-Q® Color Force 12™ Strip Light

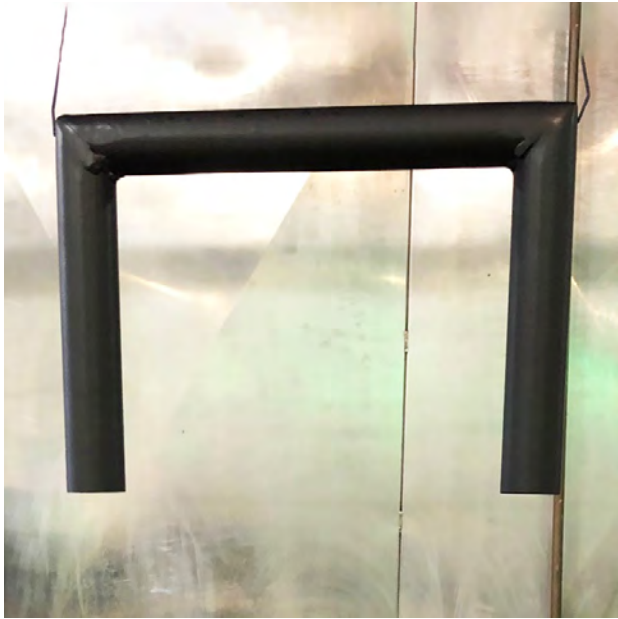

**Challenge:** A theatrical performance required custom twotone Barndoors in order to provide beam control as well as match its white color surroundings/fixture.

**Solution:** City Theatrical custom manufactured two-tone black (on the inside for beam control) and white (on the outside for aesthetics) Barndoors for use on this theatrical production.

**Material:** Aluminum

## Custom Color Kinetics Accessory Holders

**Project Type:** Theme Park Installation

**Fixture Type:** Color Kinetics Compact Burst

**Challenge:** To create customized Accessory Holders for Color Kinetics Compact Burst lighting fixtures for a theme park installation.

**Solution:** City Theatrical custom manufactured Color Kinetics Accessory Holders to fit Compact Burst lighting fixture specifications by first building a prototype holder for a lens and louver, as per the client's specifications.

**Material:** Steel
