

City Theatrical's Custom Work February 2021

Although City Theatrical manufactures a large catalog of unique lighting accessories, we also like to do custom work, and can do it incredibly quickly. If you need a custom design or fabrication of metal lighting products, electronic design, LED power supplies, custom wireless DMX installations, or nearly any other challenge that you can come up with, call us and we will help you through it. We've done custom work for major TV networks, theme parks, museums, architectural projects, and just about any other type of lighting project you can imagine.

Custom Concentric Rings

Project Type: Entertainment

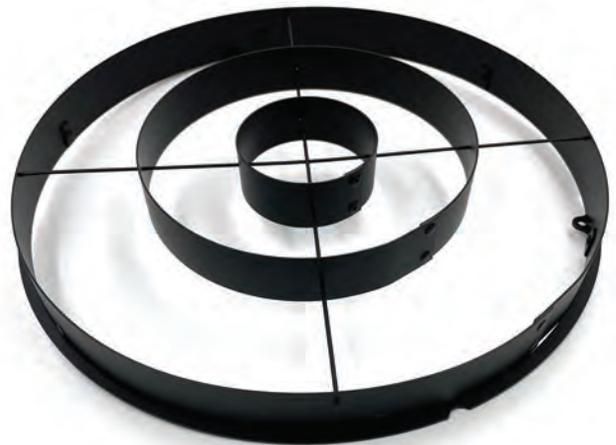

Fixture Type: High End Systems SolaPix 19

Challenge: The client required custom Concentric Rings to provide beam control for an entertainment project in which High End Systems SolaPix 19 light fixtures were being used. City Theatrical's Concentric Rings provide a "Svoboda-like" style when used for beam control on lighting fixtures that are in view of an audience, and present a deeply theatrical feel.

Solution: City Theatrical custom manufactured the Concentric Rings to fit the lighting fixture specifications provided by the client.

Material: Aluminum

Custom Concentric Rings

Project Type: Entertainment

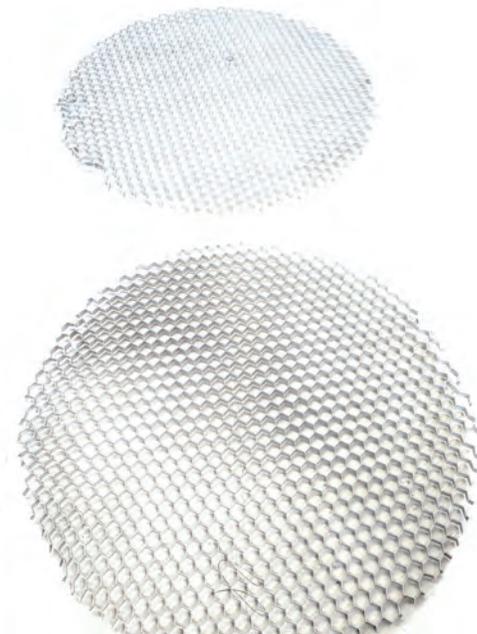

Fixture Type: ETC Desire D60

Challenge: The client required custom Concentric Rings to provide beam control for an entertainment project in which Desire D60 light fixtures were being used, which are the brightest variant in the Desire™ LED luminaire family..

Solution: City Theatrical custom manufactured the Concentric Rings to fit the lighting fixture specifications provided by the client.

Material: Steel

Custom Hexcel

Project Type: Entertainment

Fixture Type: Various new moving lights from several different manufacturers.

Challenge: The client required raw pieces of hexcel material to evaluate their ability to control the beam of various moving lights during the lighting research phase for a large upcoming show.

Solution: City Theatrical produced custom unmounted hexcel in various sizes appropriate for several different new moving lights to allow the designers to test them for effectiveness.

Material: Aluminum

Custom Louvers

Project Type: Entertainment

Fixture Type: Wildfire Ultrablade

Challenge: The client required custom large scale Louvers to fit the size specifications of the Wildfire Ultrablade lighting fixtures needed for an installation.

Solution: City Theatrical custom manufactured the Louvers to fit the desired lighting fixtures and provide the beam control expected of City Theatrical lighting accessories.

Material: Aluminum

Custom Painted Beam Benders

Project Type: Entertainment

Fixture Type: 6 1/4" opening fixtures

Challenge: The client required standard City Theatrical Beam Benders 6 1/4" (P/N 1400) custom painted white, to fit in with the desired white lighting fixtures and surrounding fixtures for an installation.

Solution: City Theatrical custom painted the Beam Benders to fit the desired color specifications provided by the client, and provide the beam control expected of City Theatrical lighting accessories.

Material: Aluminum
