Candle Lite Unlimited™

P/Ns 3450, 3570, 3572

The **Candle Lite Unlimited™ Flicker Candle (Incandescent)** simulates the natural flicker and movement of a candle flame; the circuit board produces a random flicker pattern and not just a blinking or repeating light source. City Theatrical's flicker candle is used by many Broadway shows and touring companies due to its amazingly realistic quality.

Features:

- Flame tip is a three-bulb design encased in a translucent shell
- Microprocessor circuit built in for natural random flicker pattern
- Realistic LED lamps • Operates on 9 VDC battery or 5-7.5VDC remote power supply
- Power 7.5 VDC 150mA (with power supply)
- Dimmable to black without flicker pattern stopping
- Controllable and dimmable with CTI DC PWM Dimmers

Candle stick Features:

- Unobtrusive on-off switch
- Internal 9v battery compartment
- Both the 5" and 12" candles can stand upright on a surface when powered either by batteries or by AC Adapter
- 9v battery snap

Dimensions:

- 5" or 12" length x 1.375" diameter candle stick
- Circuit board = 1.97" x .63" (50mm x 16mm)
- 12" wire lead from circuit board to flame tip

From Left to Right:
P/N 3472 12" and
P/N 3470 5" candle
stick.

Name	Part Number
Candle Kit (Incandescent)	3450
Candle Stick (Incandescent), 5" (127mm)	3470
Candle Stick (Incandescent), 12" (305mm)	3472

P/N 3450 Candle Kit

Note: Candle Lite LED flicker candles will no longer be manufactured. We recommend our incandescent candles, listed above, as they are more realistic.
