### SPECIFICATIONS

|                                   |              |
|-----------------------------------|--------------|
| Color(s)                          | Warm White   |
| Color Temp                        | 2700° K      |
| Wavelength                        | N/A          |
| Beam Angle                        | 120°         |
| Brightness (lumens/m)             | 150          |
| Power Consumption (watts/5m)      | 12           |
| Power Consumption (watts/ft)      | .73          |
| Operating Voltage                 | 12VDC        |
| Current (mA/5m)                   | 1000         |
| Quantity of LEDs Per 5m (16.4 ft) | 150          |
| CRI                               | 70           |
| LED Spacing                       | 33.4m        |
| Cutting Increment                 | 100.0mm      |
| Length                            | 5m (16.4 ft) |
| Width                             | 8mm          |
| Average Life                      | 25,000 hrs   |
| Compliance                        | ETL          |
| Warranty                          | Two Years    |
| IP Rating                         | IP20         |
| LED Chip Size                     | 3528         |
| Backing Color                     | White        |
| Use Environment                   | Indoor       |
