

Aluminum Extrusion, 45°, 2m

6693

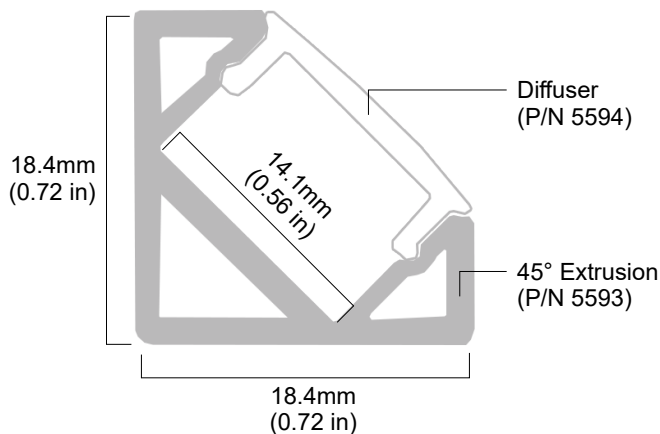

QolorFLEX®
PROFESSIONAL LED LIGHTING

City Theatrical offers many LED tape accessories for our QolorFLEX® LED Tape line to help make installations easier, including ribbon cables, mounting clips, connectors, extrusions, diffusers, and more.

The **Aluminum Extrusion, 45°, 2m (P/N 6693)** is an aluminum extrusion that is ideal for cove lighting, wall washes, foot lighting when paired with the **Diffuser, 2m (P/N 6694)** mounted over one of the 40+ **QolorFLEX LED Tape** models, as well as numerous LED tape brands.

City Theatrical Extrusions work well for lower and medium power LED tape installations, such as RGB,

Diagram is enlarged to show detail:
