

Power Supply, HLG Series by Mean Well, Fanless, Outdoor Rated, 320W, 24V (P/N HLG-320H-24A) is part of the HLG Series by Mean Well. These 24V Outdoor Power Supplies are fanless, making them perfect for areas where silent operation is critical, such as studios, and are used to power 24V LED tapes. Their IP65 - 67 rating allows for indoor or outdoor use in all weather conditions, and are auto ranging from 90-305 VAC. These Mean Well 24V Outdoor Power Supplies, 80W are used to power 24V LED tape in an outdoor setting.

City Theatrical uses Mean Well and other fine LED Power Supplies to power LED tape. The power supply must be matched in both voltage and wattage to the LED tape project you are specifying, and this is often a difficult and confusing moment for lighting users. Contact us for help in designing and laying out your project. We can talk you through it and help you put your order together.

SPECIFICATIONS:

Physical

Length	252 mm	(9.92 in)
Width	90mm	(3.54 in)
Height	43.8 mm	(1.72 in)
Configuration	Enclosed	
Mounting Type	Panel	

Electrical

Voltage, Output	24 VDC	
Voltage, Input	90-305 VAC	
Current, Output	13.34A	
Power, Output	320W	
Number of Outputs	1	
Operation	PFC	
Primary Type	AC-DC	

Product Information

Power Supply Type	Commercial
Use Environment	Outdoor
IP Rating	IP65-IP67
Warranty	One year
Compliance	CE, RoHS
