For Immediate Release via Live Design

City Theatrical Now Shipping QolorFLEX 2x2.5A Multiverse Dimmers

City Theatrical's **QolorFLEX® 2x2.5A Multiverse® Dimmers**, which are small, low voltage, constant voltage, two-output dimmers designed to be mounted in small spaces such as props, costumes, wands, and candles, are now available through City Theatrical distributors worldwide. The launch of [QolorFLEX 2x2.5A Multiverse Dimmers](#) builds upon City Theatrical's family of miniature low voltage wireless dimmers with Multiverse wireless DMX/RDM connectivity, which was recognized in the LDI Show 2019's [Best Debating Product Awards](#).

Similar to the slightly larger [QolorFLEX 5x2.5A Multiverse Dimmer](#), **QolorFLEX 2x2.5A Multiverse Dimmers** can be controlled wirelessly using City Theatrical's Multiverse or SHoW DMX Neo wireless DMX/RDM technology, or with wired DMX, and provide 20-bit PWM resolution and 8-bit or 16-bit control for extremely smooth dimming at the low end of the dimming curve. This dimmer also features a DMX termination selector switch, per channel level indicator lights, per channel PWM frequency, response time, and curve selections, and per channel offsets to balance the point at which each dimmer first turns on.

Configuration of **QolorFLEX 2x2.5A Multiverse Dimmers** is performed using RDM, such as with a City Theatrical [DMXcat®](#), or with City Theatrical's USB Configuration program for PC/MAC. The **QolorFLEX 2x2.5A Multiverse Dimmer** has low profile latch connections for power, dimmer outputs, and DMX.

Designed and built in the USA by City Theatrical, a plastic case is included with each **QolorFLEX 2x2.5A Multiverse Dimmer** to allow easy mounting to scenery while enabling removal of the dimmer from the case for wiring and configuration. This dimmer complies with CE, RoHS, FCC, AU, Japan, and IC standards.

For more information on **QolorFLEX 2x2.5A Multiverse Dimmers**, register for our upcoming Multiverse Webinar 5 on QolorFLEX Multiverse Dimmers, scheduled for June 4, 2020 11AM EDT, at: <https://bit.ly/2ZJKjU2>

The QolorFLEX 2x2.5A 2.4GHz Multiverse Dimmer (P/N 5916) is available for wireless DMX projects using the 2.4GHz band worldwide. The QolorFLEX 2x2.5A 900MHz Multiverse® Dimmer (P/N 5917), like other wireless DMX products using the 900MHz band, is licensed for use in North America only.
