

# CITY THEATRICAL

NEW YORK • LONDON

May 11, 2020

For Immediate Release on Live Design

## City Theatrical's Webinar Series Continues with Multiverse SHoW Baby on May 14

City Theatrical invites you to attend the second webinar in the 6-part Multiverse® wireless DMX/RDM Webinar Series on Thursday, May 14, 2020 at 11AM EDT, featuring the plug and play 2.4GHz [Multiverse SHoW Baby®](#) product. Presented by City Theatrical Sales Specialist and seasoned Lighting Designer John Demous, this 30-minute webinar session will explore SHoW Baby wireless DMX technology, how Multiverse SHoW Baby is different than previous SHoW Baby models, how it can be set up as part of a simple or complex wireless DMX system, and how to use its advanced features, such as RDM with the [DMXcat®](#) app.

Due to overwhelming interest in the webinar series thus far, City Theatrical asks those interested to please [register in advance](#) to confirm your participation in the upcoming *Webinar 02: Multiverse SHoW Baby*.

The remaining four 30-minute webinars will run on consecutive Thursdays starting at 11AM EDT through June 11, 2020. This webinar series was developed in effort to provide education in wireless DMX to lighting professionals, and provide a digital forum for Q&A on Multiverse wireless DMX technology. **For the full schedule including past recordings and upcoming webinar registration links, visit: [citytheatrical.com/multiverse#webinars](http://citytheatrical.com/multiverse#webinars).**

To view the live recording of *Webinar 01: An Introduction to Multiverse Wireless DMX* from May 4, 2020, please visit: <https://youtu.be/wwrkEqT4L60>

Multiverse Transceivers are covered by U.S. Patent # 7,432,803 and other patents pending. The 900MHz band is licensed for use in North America only.
