For Immediate Release

City Theatrical Launches Five New QolorFLEX LED Tapes: HiQ, UV, and 5-in-1 Amber Cool White

City Theatrical is expanding its line of QolorFLEX® LED Tape, Dimmers, and Accessories with five new LED tapes: QolorFLEX HiQ High CRI LED Tape (available in three color temperatures), QolorFLEX UV LED Tape, and QolorFLEX 5-in-1 LED Tape, RGBACW.

[QolorFLEX HiQ High CRI LED Tape](#) has a Color Rendering Index (CRI) of 95, making it an ideal high CRI LED tape for the needs of the film industry. Available in three types (3200K, 6000K, and 2700K to 6500K in a single chip), **QolorFLEX HiQ High CRI LED Tape** offers exceptional on-camera color rendition and the ability to match the light sources already being used on set.

[QolorFLEX UV LED Tape](#) was designed to accentuate the fluorescence of surrounding objects or paint, providing a “glow in the dark” effect. With a wavelength of 395nm just outside the visible spectrum, **QolorFLEX UV LED Tape** works similarly to a black light fixture, but in a professional QolorFLEX LED strip. It is ideal for installations such as theme park rides, as well as nighttime mood lighting, and can even be used for Halloween-themed events.

[QolorFLEX 5-in-1 LED Tape, RGBACW](#) is an interior grade 5-in-1 24V LED Tape with high output brightness and the ability to create a wide spectrum of colors using red, blue, green, amber, and cool white, when used with a DMX color control system. Like City Theatrical’s best-selling QolorFLEX 5-in-1 LED Tape, RGBWWCW, all LEDs used in **QolorFLEX 5-in-1 LED Tape, RGBACW** are identical to create an even illumination. This tape is ideal for installations in the television and film industries.

The [QolorFLEX LED Tape](#) line includes 45+ high quality tape options that help lighting designers put light in places that were once thought impossible and create lighting fixtures and effects in a new and inexpensive way. Like all QolorFLEX LED Tape, QolorFLEX UV, HiQ, and 5-in-1 LED Tapes are sold in 5m reels and includes six-inch long pigtails on both ends for easy connections to [QolorFLEX Dimmers](#) for ultra-smooth, flicker-free dimming.
