"The [GLP Fusion X-PAR 12Z](#) fixture was new to the inventory of PRG UK. It is a good light for the needs of the *Crazy for You* London show, but I was worried about light spill on the several painted drops that were hanging just upstage of the electric pipes. A [City Theatrical Top Hat](#)

was the perfect answer, but with an odd size frame holder it was necessary to have them custom made. A fixture was delivered to the City Theatrical shop and this [custom GLP Fusion X-PAR 12Z Top Hat](#) was born. Since City Theatrical was created in 1986, they have been building all sorts of custom pieces for me and are a great asset to have in my design toolkit."
