

PLAYBILL®

[Playbill](#): Learn about the World Premiere of *Mr Holland's Opus* the Musical.

[Broadway World](#) Review: *Mr Holland's Opus* at Ogunquit Playhouse.

Joshua Castille and company in *Mr Holland's Opus* (Nile Scott Studios)

Wednesday Matinee... See [Mr Holland's Opus](#) at the Ogunquit Playhouse in Ogunquit, Maine through September 10, 2022. Products by City Theatrical include [Multiverse SHoW Baby®](#) 2.4GHz wireless DMX/RDM and beam control accessories including [Martin Accessories](#) for MAC Aura. Lighting Software used includes [Moving Light Assistant](#).

Lighting Design by Jonathan Spencer, Assistant Lighting Designer Bentley Heydt, Programmer Andrew Diamond, and Show Electricians Trevor Kirschenheiter, Nico Platz, and Michael Wizorek. Lighting Package by [4Wall](#) Boston. Scenic Design by Lex Liang. Projection Design by Caite Hevner.

"Mr Holland's Opus is in fact just that! It's a show with a huge amount of heart and emotion and just as many locations to match. Martin Mac Auras are a big part of the inventory at Ogunquit. With both front and rear projection featured

throughout the show I knew that we'd be in trouble without City Theatrical's [Martin Accessories](#), like Concentric Rings and Top Hats, so we added some of those. I love the MAC Aura, having used it on many of my shows in recent years, but for theater applications I always make sure I have a City Theatrical Top Hat or Ring to go with it."

- Jonathan Spencer, Lighting Designer, *Mr Holland's Opus*
